Item 4: Other Business Activities

Christopher Rodney Piland is a licensed insurance agent. This activity creates a conflict of interest since there is an incentive to recommend insurance products based on commissions or other benefits received from the insurance company, rather than on the client's needs. Additionally, the offer and sale of insurance products by supervised persons of Georgia Wealth Partners, LLC are not made in their capacity as a fiduciary, and products are limited to only those offered by certain insurance providers. Georgia Wealth Partners, LLC addresses this conflict of interest by requiring

its supervised persons to act in the best interest of the client at all times, including when acting as an insurance agent. Georgia Wealth Partners, LLC periodically reviews recommendations by its supervised persons to assess whether they are based on an objective evaluation of each client's risk profile and investment objectives rather than on the receipt of any commissions or other benefits. Georgia Wealth Partners, LLC will disclose in advance how it or its supervised persons are compensated and will disclose conflicts of interest involving any advice or service provided. At no time will there be tying between business practices and/or services (a condition where a client or prospective client would be required to accept one product or service conditioned upon the selection of a second, distinctive tied product or service). No client is ever under any obligation to purchase any insurance product. Insurance products recommended by Georgia Wealth Partners, LLC's supervised persons may also be available from other providers on more favorable terms, and clients can purchase insurance products recommended through other unaffiliated insurance agencies.
